THE KENYA NATIONAL EXAMINATIONS COUNCIL

DIPLOMA IN INFORMATION COMMUNICATION TECHNOLOGY

MODULE I

COMPUTER APPLICATIONS I (THEORY)

Paper 1

2 hours

INSTRUCTIONS TO CANDIDATES:

Write your name and index number in the spaces provided above.

Sign and write the date of examination in the spaces provided above.

Answer Four of the following Six questions.

For Examiner's Use Only

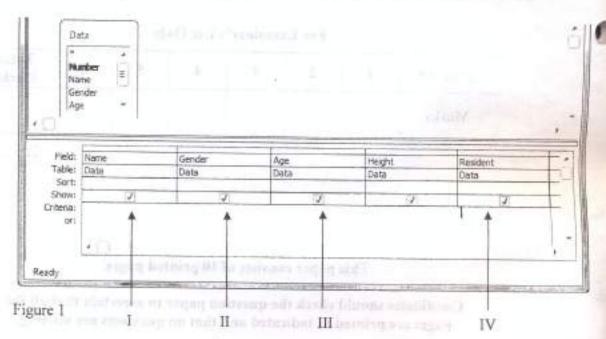

Marks	Question	1	2	3	4	5	6	Total Marks
	Marks							

This paper consists of 10 printed pages.

Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

- State the function of each of the following computer utility programs:
 - (i) translator; (1 mark)
 - (ii) editor. (1 mark)
 - (b) Define the term label as used in spreadsheet programs. (2 marks)
 - (c) (i) Explain the function of the tracking command as applied in DTP.

 (2 marks)
 - (ii) List four types of slide transitions that can be applied on a presentation program slide. (2 marks)
 - (d) Figure 1 shows a query tab dialog box extracted from a database program. Use it to answer the questions that follow.

	 Write expressions that would be entered in the cells lab IV to display all the students whose gender is female, a years old and residing at Don. 	re less than 20 (4 marks
	HINGE AND ACTUAL OF SELECTION O	
	(ii) Write expressions that would be entered in the cells lab display records of all male students whose name starts	
(a)	List six types of publications that can be created using a DTP p	orogram. (3 marks
		RAMILLESSA NAMES OF THE OWNER.
(b)	Explain the function of each of the following facilities as used programs.	in presentation
	(i) task pane;	(2 marks
	(ii) outlining toolbar.	(2 marks
	With the aid of an example, differentiate between a formula an used in spreadsheet programs.	nd a <i>function</i> as (4 marks

(i) Table 1 shows a list of computer combination keyboard keys and (d) functions. Use it to answer the question that follows.

	Keys	Functions
1.	Ctrl+ end	Creates a new page
2	Shift + →	Moves the cursor to the end of the document
3	Ctrl- enter	Reduces the font size of the current line
4	Ctrl+ }	Moves the cursor one word to the right

Table 1

Match each key combination with its correct function.

1	Keys	Functions
1	Ctrl- end	
2	Shift - →	
3	Ctrl+ enter	
4	Ctrl+ }	

(a) Figure 2 shows a part of a document created in a DTP program. Use it to 3. answer the question that follows.

Love your country maintain peace and	l promote a working culture.
Love your country	promote a working culture.
Love your country	promote a working culture.
Love your country maintain peace and	promote a working culture.
Love your country maintain peace and	i promote a working culture.
Love your country maintain peace and	i promote a working culture.

Outline the steps that would be t	followed to apply the text wrap on the object. (2 marks)
